Okay, I'm the street fighter, call me... CHUNG-Li
And it's going down like a... bum knee

Booked the guest house to put the coop in
Cause I'm a fireball, I do kill!
Put your arm on my wing, I'm the top boss
Ain't from Louisiana, but I'm hot sauce
Cut the mouth and just... and just to come and build a
house off
So why I never gonna worry what the house cost
If they coming at you, tell them raise up
When it's time to whip your hair, put your braids up
Tell them escalator, elevator, yeah the manor,
Stop your waiter, been nobody greater, will and Jada is
my neighbor hater
Chorus: (x2)
I'm the fireball of the party, I'm the fire
I'm the fireball of the party, I'm the fire
I'm the fireball of the party, I'm the fire
I'm the fire, I'm the fire, I'm the fire, I'm the fire
Hmmm
Watch the fire burn... burn, burn
Watch me heat it up
Hmmm
Watch the fire burn... burn, burn
Watch me heat it up
Hmmm
