### "All my Tears"

My tears drop down - on your skin  
As the dew in a desert of sand  
Frozen by all this cold - melancholy  
Cause in pain there's nothing to share

Another time again  
Another way the same  
Another name to blame  
Another day to stay  
Another life of pain  
Away from light again  
Across my pain your name  
Another time the same

Never go away or never come back again to me  
But never leave me in this hell anymore, not anymore

All my screams  
All this hate  
All my fears  
All this pain  
All my tears  
All my days  
Back again  
Once again

Another time again  
Another way the same  
Another name to blame  
Another day to stay  
Another life of pain  
Away from light again  
Across my pain your name  
Another time the same  
All my screams

All this hate  
All my fears  
All my tears  
All my days  
Back again  
Once again

Never go away or never come back again to me  
But never leave me in this hell anymore, not anymore
