### "Faster"

Visit "[Faster](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I do the boomshakalak when I'm ready to rock  
You better hide quick here I come ready or not  
I bring the beats so pure it's like H2O  
Oh no here I go I'm about to overflow  
Well I'm a homeboy but still I play it right  
As I hold the mic tight I'm here to bring you light  
Out of the darkness and where you can't see a thing  
You're sleeping with your women but she ain't wearing  
a ring  
It's time to burst the lust because in God we should  
trust  
I'm not talking bout the ones who realise and lift him up  
'Cos satisfaction is a way of seekin action  
But you gotta realise it's from the street crowd reaction  
As I lay these rules down people start to refuse  
'Cos they can't handle the truth and without God  
they're gonna lose  
In the game of life you don't get a second chance  
You can't get to heaven unless you book in advance

Are you ready for this  
Are you ready for that  
'Cos the bassline's rollin  
And the bassline's phat

Now this be the one the DJ's play  
This be the one make your body sway  
Well I'm a Jesus junglist I praise His name  
The sinners try to battle me I feel no pain  
I listen to the beats and I give Him the praise  
And I will follow his word for the rest of my days  
I take the one way step to heaven and back  
I got the Bible in my hand in case the demons attack  
Kick it with the drums and bass cause this is how it's  
done  
The Lord gave Hios light he gave His only Son  
Jump around and move your body  
Listen to me one more time a boss MC  
I bring the lyrics to make you jump around  
So listen to the DJ with the Holy Ghost sound  
Drop in with the drums now to the bassline

Nuff respect to Jesus each and every time

Are you ready for that  
Are you ready for this  
'Cos the bassline's rollin  
And the bassline's fresh

Everybody movin it's a fresh new technique  
Rewind evangelise originality  
No perimeter limiter parameter compressor  
Emagical computer connected A-D converter

Da da da  
La de da de da  
La da de da da de da

I gotta get through in this life  
Gotta get you from this to that life  
Gonna give it to you  
Gotta give you the truth  
'Cos I wanna see you livin in that life
