TU ESTI DRAGOSTEA VIETII MELE

I've been trying to see your face, I've been imaging  
your skin

I've been living for the day to kiss your beauty once  
again

A sudden vision in the night an empty shadow in the  
sky

You are my dream inside me eyes that hid the secret of  
delight

I gloared at you in a gloomy day you walked silently in  
the wood

You were a solitary angel I kissed the sweet light of  
desire

(It was) the only time touched your skin (and) was with  
a bloody, eternal kiss  
and time goes by, and so we died seeking for love is a  
blissful joy

Love Never Dies

We sacrificed our mortal lives in change we won  
eternal love

(but) we didn't know we had to pay everlasting pain for  
a drop of joy

Now we are shadows of blood seeking place, seeking  
for love

Condemned to be separated forever buried in the tomb  
of our own desire

The blame is to be forever alive forever to seek for  
blood in the night

Forever alone with no light to rejoice for survival and  
hunger we have no choice

A prison of dreams that never realizes the memory of  
her is my only solace.

I'll always lover her, so pure full of grace I'll always  
remember, I'll never forget
