Senti raspar fra le macerie e i brochi la derelitta  
Cagna ramingando su le fosse e famelica ululando  
E uscir del teschio, ove fuggia la luna,  
L'upupa, e svolazzar su per le croci  
Sparse per la funerea campagna e l'immonda accusar  
Con luttuoso singulto i rai di che son pie le stelle  
obbliate sepulture  
Dei sepolcri (U. Foscolo)

Ave verum corpus natum  
Esto nobis Pregustatum

A day i have make a promise to you  
A promise of immortality  
Other visions, another life without pain  
More blood will be spill...why?  
immortality buyed with other lifes  
Other eyes to see, other ears to hear, what?  
A dismal journey in the valle of death  
A dismal journey in my mind  
What's the proce of this life?  
To see people die under my eyes  
Brides...children...friends...  
Suicide...Vampire
