Verse 1

I step off in a club
on a Friday night
Lookin for a man
that'll do me right
1st move that I made was
on the dance floor
broke it down one time
then I went for more
here's the code
action whats happening now
Start scouting blending through the crowd
Look over to my left
and told my girl hey
it was him again I'm gone have to say
Chorus (2x's)

Shorty Swing my way
Sure look good to me
now would you please
swing my way
Shorty swing my way
(swing it over here shorty)
(Up tempo chorus)
Verse 2

I got off da flo
trying to find this man
loooking all around
doing all I can
damn he sure look fine
by the end of tonight
he's gonna be mine
I thought to myself
he couldn't have gone far
then I saw him again standing by the bar
so far everything is going my way
Now later find him I'm gonna have to say
Chorus (2x's)

Verse 3

Gotta get up the nerves
to get my swerve on
Gotta do it fast or
he'll be gone
cause it'll be ... just my luck
that somebody else will scoop him up
can't have that
wanna be that girl that
finds herself a perfect match
didn't wanna come off being too fly
Gotta make contact eye to eye
Interlude

(Slowly) :
then I walked up to him slowly
said I know you don't know me
but this might be my only
shot at a tenderoni
(up tempo)

he told me
that we can do this
cause a girl like you
I can't resist
got straight to the point
no time to play
didn't need no game
just had to say
Chorus (2x's)

Bridge (2x's)

I'll hold you tight
all through the night
Anything that you want
I'll keep it crunk
boy you're gonna see
how good it can be
just come to me
ughhh
Outro

I've been watchin you
from across the room
I wanna know you're name
can you swing my way
shorty
swing my way
swing my way
