Brought up and lived by the modern age  
Brought a new spot to my life  
I love the power you have over me  
Amaze my friends and set me free

Here we are walking in step  
We've got ideas that we haven't used yet  
There's so much left that I want to do  
Automatically I think of you

Chorus:

You beginning and you to end  
You were the first you never bend  
You walk beside me everywhere I go  
Our secret's safe they'll never know  
But here we are walking on down Electric avenue  
Part of today in every way Electric avenue

I'm insecure and I'm not so sure  
Cause you mean this much to me  
Your heart is cold and you won't grow old  
I'm full of tricks so watch and see  
I can disappear without a trace  
Just say the word I'll be gone from this place  
There's so much left that I want to do  
I'm automatic that I think of you

Chorus

Repeat first four lines of chorus four times
