Forever earthbound - found in illusion
Spinning in circles deep, in my confusion
Memories fading - slip into fantasy
I may be leaving - then stay
Following endlessly

Tangled in silence (Tangled in silence)
Echoes I'm chasing (Echoes I'm chasing)
Falling in out of time, I see I'm wasting
Drifting and helpless, hold on to emptiness
We may be losing and lost
And see nothing more

Tangled in fragments - holding together
Taking my place with you, finding forever
Tomorrow's calling - bringing eternity
Now I can see we are bound
Into infinity

Closer I hear you, (tomorrow's calling), feel I am near
you
It's been a lonely road, treading the same ground
So tired of waiting
(And you know it doesn't always have to be that way)
Forever earthbound
(And you know it sometimes only seems to be that way)
We walk a lonely road
(Reach out and - we'll be there)
Treading the same ground
(Reach out and - we're with you)
(We're with you)
(We're with you)

(Accept and believe, you have no cause to grieve)
(And however small, you're a part of it all)
(And all you conceal, you may reveal)
(Forever found, you'll be ever earthbound)

Forever earthbound, forever earthbound
Forever earthbound, forever bound
