"Island of avalon"

Island of Avalon fools, heroes equal share
Truth, legend, fantasy open every mystery
Feudal kings that bore no child
Witches fires burning wild

Chorus:

Island of Avalon, truth or lie
All is well, sound the bell

Merlin would please his king, potions, antiquities
Silas, god of the trees, men of fabled imagery
Descendents of your mystic crown
Walk your land where ghosts abound

Chorus

Island of Avalon as real as we pretend
Superstition without end, these countless names you
lend
Stories with no boundaries
Overflow our histories

Chorus
