Thunder
As walls fall down around them now
They cry alone because inside they know
If the full moon comes around
Again -
It will be
A gift from God, they're still alive
Haunting echoes of a baby's sigh
Gone in a heartbeat

Searching for a hiding place
Each one has a telling face
Lily's in the field
On the wings of a dove

Hush now
In their quiet dark blue night
They dream
They run
Like the wind on a wild bird's wing

So innocent and free
Lily's in the field
On the wings of a dove

Faith
Love
Lily's in the field
Dancing in the sunshine with the breeze
One life
One hope
One love
Lily's in the field

Faith
Love
Lily's in the field
One life
One hope
One love
Across the rainbow bridge

Lily's in the field

Faith

Love

Lily's in the field

Faith

Love

Lily's in the field

Faith

Love

Hush now

They dream

Of the wind on a wild bird's wing

They smile

When they hear the angels sing
