First we take one step forward then we move back back
two
In this time of selfless giving just think what we can do
Every day they wait for something not knowing what
will be
Every night they lay back dreamin' of things we can not
see--and

So the story goes
So the story goes

Take the time to give this Christmas, show them all you
care
Here we stand hands joined together, we have this gift
to share
We'll sing a song for all the people livin' in the streets
We'll give them hope to carry on now and dreams
they'll always keep--oh

So the story goes
So the story goes

Think about your Christmas tidings, think of those with
less
Give them all you've got to give to make this year the
best
Now everybody make a circle and dance 'til you fall
down
Bring them joy and love and laughter, the spirit has
been found--yeah

So the story goes ... make them smile like Christmas
time
So the story goes ... make them smile like Christmas
time, Christmas time
So the story goes ... make them smile like Christmas
time
So the story goes ... make them smile like Christmas
time, Christmas time
So the story goes ...
