"SPARE SOME LOVE"

Visit "[SPARE SOME LOVE](#)" on MotoLyrics.com

Shadows darkness, follows quiet shadows
You walk beside a shadow
Strangers, people passing constant strangers
You walk beside a stranger

Spare some love
Why won't you spare some love?
Share your love
Why don't you share your love?

Sadness finds the lonely silent sadness
Finds them hard with sadness
Seeking growing you will find with seeking
Knowing you are seeking

Spare some love
Why won't you spare some love?
Share your love
Why don't you share your love?

Spare some love
Why won't you spare some love?
Share your love
Why don't you share your love?

Seasons, nature's pattern of the seasons
Changing with the seasons
Loving peace will come to all with loving
Living lives with loving

Spare some love
Why won't you spare some love?
Share your love
Why don't you share your love?
