In my wildest dreams
You always play the hero
In my darkest hour of night
You rescue me you save my life

In my wildest dreams
You're my Valentino
Like those silent picture days
You steal my heart and carry me away

Baby hold on ... Leave the world behind
Just close your eyes ... You'll find love this time
Follow your heart ... When you cross that line
Meet me here tonight in my wildest dreams

I always dream in colour
Somewhere between the black and white
You'll find our love can shine so bright

In my wildest dreams
We're stranded on an island
In our tropic paradise
You make love and wave the boats goodbye

Baby hold on ... Leave the world behind
Just close your eyes ... You'll find love this time
Follow your heart ... When you cross that line
Meet me here tonight in my wildest dreams

Drift away
Let's fly away ... Run with me

Leave the world behind
Just close your eyes ... You'll find love this time
Follow your heart ... When you cross that line
Meet me here tonight in my wildest dreams

We'll spread our wings like angels
Above the clouds we fly
We dance upon the stars and touch the sky
In my wildest dreams this night will last forever

Come dream with me
