Save me free me
Oh from the heartless time
Trains going down the track
And I stay behind
Nothing can free me from this ball and chain
I made up my mind that I would live today
And you're keeping going
I know it's insane
Cause I love you
And lose again
When the heart calls
And mind obeys
And knows better than me
Hold on one more day
And maybe he'll be true
Nothing can free me from this ball and chain
I made up my mind that I would live today
And you're keeping going
I know it's insane
Cause I love you
And lose again
Save me free me
Oh from my heartless time
Trains going down the track
And I stay behind
Nothing can free me from this ball and chain
I made up my mind that I would live today
And you're keeping going
I know it's insane
Cause I love you
And lose again
