Think I saw her for the first time maybe in a news stand
She was picking a mag, dressed oblique
She called me baby, and was a mean lady with the
song on the radio
So I told her I was rich, then she asked could I use a
dirty bitch?
Of course

Then she said: No one loves me... and neither do I
You get what you give,
I give goodbye
And if I should vanish,
Don't get caught off guard
Don't hold it against me,
Unless it gets hard

Well if sex is a weapon, then: smash, boom, pow
How you like me now?
You can't always do right, you can always do what's left
So I told her I was trash, so she winked & laughed and
said I already know...
'I've got a beautiful place to put your face', and she
was right

Then I said: No one loves me... and neither do I
It makes perfect sense,
So I never asked why
I'll go tomorrow,
'Cause life doesn't wait
You can keep your soul,
I don't want a cell mate

Cutting her loose, I'm ready to go
People in the world, you're gonna lose control
Cut me a noose, I'm ready to go
People in the world, you're gonna lose control
Cut me a noose, I'm ready to go
People in the world, you're gonna lose control
Cut me a noose, I'm ready to go
People in the world, you're gonna lose

I know how to burn with passion

Hold nothing back for future ration
Give all you are, do not make haste
Savor every single taste you get
Cut

I know how to beat control
Do opposite of what you're told
Quick to react, to break the box
Turn on queue, as your cell door locks
Behind you

I know how to be lost in lust
Not because you should, but because you must
It burns white hot, and so clouds the mind
This lightning strike isn't always kind

So use me up
Use me up
