I don't mean to tear you apart but I hit a nerve
Last night you weren't sleeping
I didn't mean to hurt you x2 (this line)

Another time I might have been more open
In the things that I was feeling, but I was never one for
sharing.
Taken out of context was the meaning, of our whole
relationship,
now I must be leaving

Don't mean to tear you apart but I hit a nerve
Last night you weren't sleeping
I didn't mean to hurt you x2 (this line)

The choices that I make my mind to live with,
I didn't want to argue,
That's why I never told you,
That's why I never told you what I was really up too
and now we haven't spoken since you and I were
broken.

So there you we're, you closed your eyes
You had to know that I was lying I won't be back this
time,
please try to understand
I don't want to know what you were dreaming,
I want to know what you were seeing,
Cos' then I'll know what I'll be missing.

That's why I never told you,
what I was really up to,
and now we haven't spoken, since you and I were
broken.

Don't mean to tear you apart but I hit a nerve
Last night you weren't sleeping
I didn't mean to hurt you x2 (this line)
