Have you ever played a show?
Have you ever dedicated your life to something half as
hard?

Have you ever spent a month
In a broken fucked up truck
Wondering if there's a way
You'll make it back to her
When you came back, did she say
Now it's me or your stupid band
Now it's me or your shitty band!

You're losing money
You're losing me
You're losing friends

It's so easy for you dear
To type and judge and scream
You never walked a mile
But you sure did lots of talking

They're a clone of Born Against
I can hear some Lifetime
The drummer's not tight
There's no passion

You're losing money
You're losing me
You're losing friends

You know me, I don't know you
You made mistakes too
I don't have to listen to you
Unless you wanna tell me I love you
