Can you look me straight in my eyes?
And tell me love is forgiven
Beneath it all she cries
That what's not safe is hidden
You know what's wrong now
You can't deny this
All the pretty horses roam and the
Morning roosters crowing
All the final seeds have grown and the
Summer wind is blowing
You know what's wrong now
You can't deny this
Another day fades away
Into the midwestern haze
A duster plane flies away
Over pastures of cattle
You know what's wrong now
You can't deny this
Can you look me straight in my eyes?
And tell me love is forgiven
