"When It's Raining"

When years pass between us
And the light shines on the water
I ask please for one thing
Leave shelter when it's raining

Decisions in blueprint
So nervous and deceiving
In concrete these structures
That our small hands
Just keep building

Through towers and phone lines
Connections to each other
I wonder who's watching
As light shines on the water

When the stars fall beyond us
And our small eyes
Just keep watching
I ask please for one thing
Leave shelter when it's raining
When it's raining
