I'm not alone, you're sittin' right there

How come I get the feeling, you could vanish into the air?

And I love you more than anybody else baby

Can't you tell I'm an easy touch

Oh, baby baby, I think I love you too much

If I picked you up, you know you'd slip right away

And if I lock you up, you'd find a way to make me pay

You're gonna hurt me more than anybody baby

'Cause you know I'm an easy touch

Oh, baby baby, I think I love you too much

I guess I'm gonna give you what you want

'Cause I'm so in to you

You never give an inch to me baby

Though I've been giving you a mile or two

Yeah yeah, I'm not alone no, you're sittin' right there

How come I get the feeling, that you could vanish into the air?

I love you more than anybody else baby

Can't you tell I'm an easy touch

Oh, baby baby, I think I love you too much

Oh, baby baby, I think I love you too much

I'm sayin' baby baby, I think I love you too much, yeah
