I was free form finger fucking Frieda  
Late one fiery Friday night  
My hands were getting lazy  
But I was driving Frieda crazy  
So I free form fucked her till the morning light

I was basically bombing Betty's butthole  
In the backseat of her daddy's big black Benz  
I was huffin and a moanin  
She was snortin and a groanin  
And I fucked that freaked out freshmen to a frenz

I was eating Edna's extra enchiladas  
Easily the best I've ever had  
They were creamy and delicious  
And I would've licked her dishes  
But we were rudely interrupted by her dad

I like pudding I like cheese  
I like your momma on her knees  
I like cake and candycorn  
Your daddy watches kiddieporn  
I like pudding I like cheese  
I say welcome thanks and please  
I like springtime I like fall  
I like coming when you call

I was lickin linda's lovely little lemons  
While we were lollygagging lying by the lake  
I told her they were zesty  
And she got a little testy  
So she whipped me up a see ya later shake

I was sixtynining sexy Sarah Sandler  
When she went ahead and broke her magic spell  
I was out in outer space  
When she farted in my face  
And my god I thought and died and gone to hell

I was teething Traci's tiny suntanned titties  
While she was doing something crazy with my nuts

I said baby where're you going  
She said boy you'll soon be knowing  
Then she plunked her pudgy pinky in my butt

I like ice cold lemonade  
I like coke and gatorade  
I like frying in the sun  
I like having too much fun  
I like having sex with mom  
Because that woman's quite the bomb  
I like playing with my balls  
But I like coming when you call
