She's been scanning for males in the room
She's been tanning and spraying perfume
She got tricks up her sleeve and
She's doin' her best to be noticed

She's leaning forward to show you her cleavage
She's talking dirty still she's watchin' her language
Runs her hands through her hair
Then she smiles and plays with her necklace

And each time that she teases me
My heart is jumpin' a beat
Each time that she teases me
I'm sure she knows it's plain to see
She's a shark

A cold woman with a styrofoam heart
Always schemin'and playing it smart
Sometimes she pretends to be nice
But beware of the purpose

She got no style she got no grace
She thinks she's trendy
But she got no taste
When she enters the
Room better tell her
"hey, you're looking gorgeous!"

And each time that she teases me
My heart is jumpin' a beat
Each time that she teases me
I'm sure she knows it's plain to see
She's a shark

She's a shark, a shark,
You might nog believe me
She's looking for you
And she's runnin' free
She's a maneater gonna run your life
she's after you body and you mind
she's a shark?
