Some guys are sayin' she's dirty
I heard 'em sayin' she's slick
Girls are sayin' she's flirty
And never misses a trick

But she's a natural woman
A very natural styles
Allways voices are hummin'
When she goes passin' by

She's jivin'

Other women ain't like her
All singles ain't hits
Not all women are fighters
This one will give the lip

All work and no play
Turn her into a bitch
There is nothing to say
She's just scratchin' that itch

She's jivin'

She's witty and sexy
I love hearin' her talk
Her body attracts me
When she wiggles her walk

These things can be lethal
They hook you up like a drug
And I sure ain't no dealer but
I won't go tryin' my luck

She's jivin'
