The nights come down and the moments glow,
The rats go by and by,
Everyone just turns around and waits to feel inside,
And down you came with all you know,
And captured my desire,
Ain't it true you know I'd find,
That I'm already tied

When there's no getting over,
The riches that you gave,
And within the light the shines from you,
I bathe myself,
I bathe myself, I!

No point living without you,
Yes I'm glad I found you,
You will be the one alone (I know)
You believe in pride,
And you would leave my side,
Who could be the one to know?

Your business will just steal your soul,
And that's what I believe,
But where there's truth there's poetry,
It happens naturally,
Now, I know how it feels to burn,
And throw your life away,
But I will lose myself with you,
And find myself again.

When there's no getting over
The riches that you bring!

When was there any point in living without your love
Or any point in living without your love I hold on, and
hold on, and hold on til the end

When there's no getting over
The riches that you bring!

No point living without you!

When was there any point in living without your love
Or any point in living without your love I hold on, and
hold on, and hold on til the end

Hell, thereâ€™s no point living without youâ€¦

Living without you, without you, without you, without
you

Living without you, living without you, living without,
without, without, without, withoutâ€¦

The rats go by and by, and by, and by
phonephone
