We can do this all night long
Jammin til' the break of dawn
Oo this feeling oh so strong
We can do this all night long

When you feel it don't resist it It
It goes on and on and on
Girl just try it can't deny it
Something so right can't be wrong

We can do this all night long
Jammin til' the break of dawn
Oo this feeling oh so strong
We can do this all night long

When you feel it don't resist it
It goes on and on and on
Girl just try it don't deny it
Something so right can't be wrong

We can do this all night long
Jammin til' the break of dawn
Oo this feeling oh so strong
We can do this all night long
