Ooh. Yeah, yeah.

She stays at home, hoping I'm gonna phone her.  
Stays up alone, more than she should.  
Nights get so cold, and girls get gifts so lonely.  
Sometimes we need, someone to hold her.  
Don't forget that she's loving too,  
Cause she needs it just like you.

Oh, don't you know that every woman  
needs it, needs it, needs it everyday.  
Things she's gotta have it, have it.  
Whoa, every woman needs it needs it,  
She needs it yet she does.  
Every woman needs some need to love.

That's the way to her heart now,  
Back home for us, shows her you care.  
She's hungry for, more of her fashion.  
Some sweep her rhymes.  
Don't hold it back now.  
Give her what she really needs to you.  
She finds some love in you.

So, don't you know that every woman  
needs it, needs it, needs it everyday.  
Things she's gotta have it, have it.  
Whoa, every woman needs it needs it.  
She needs it yet she does.  
Every woman needs some need to love.

Ooh, if you love the girl, then show her right now.  
Show her that you care.  
Oh cause that woman in the duchess,  
is something she can't live without, Ran.  
Oh, don't forget that she's loving too.  
What she finds so fine and new.

Oh, don't you know that every woman  
needs it, needs it, needs it everyday.  
Things she's gotta have it, have it.

Whoa, every woman needs it needs it.  
She needs it yet she does.  
Things she's gotta have it, have it.  
Whoa. have some love. Yeah.

Every woman needs it, needs it,  
Things she's gotta have it, have it.  
Whoa, every woman needs it needs it,  
She needs it yet she does.  
Everybody gotta have it, have it.  
(Repeat until fading)
