Whoa, yeah, yeah, oh.

Blue night, flesh inside her eyes instead of
moonlight. Sirens in the air instead of love songs.
We've been kept apart by this world, for too long.
Walking, all around the neighbor I'm thinking,
we deserve a better kind of real life.
Rather than just trying so hard to survive.

Can't give you promises or money,
But I can give you my heart, give you your heart.
Just let me take you on a journey.
Close your eyes and visualize a better world.

I wanna get lost with you, get lost with you.
I wanna get wild and free live the way life meant to be.
I wanna get lost with you, get lost with you.
I wanna feel better again take you dancing in the rain.

Sometimes we were both together we make sunshine,
even in this city full of darkness.
I will find a way to make you. Have been meant.
Don't think about what comes tomorrow.
Just learn to love everyday. Love everyday.
Just want to take away your sorrow,
Close your eyes and visualize a better way.

I wanna get lost with you, get lost with you.
I wanna get wild and free live the way life meant to be.
I wanna get lost with you, get lost with you.
I wanna feel better again take you dancing in the rain.
Yeah.

Don't think about what comes tomorrow.
Just learn to love everyday. Love everyday.
Just want to take away your sorrow.
Close your eyes and visualize a better way.

I wanna get lost with you, get lost with you.
I wanna get wild and free live the way life meant to be.
I wanna get lost with you, get lost with you.

I wanna feel better again take you dancing in the rain.

Yeah, oh yeah, oh. I wanna get lost, wanna get lost,
wanna get lost girl.

We'll get better once again. Girl, come on, come on,
I wanna get lost, wanna get lost, wanna get lost girl.

Yes I do, I do, I do. Yeah.

(Repeat until fading)
