### "Step By Step"

Visit "[Step By Step](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Never, never, gonna let you go.  
Never, never, gonna let you go.  
Never, never, gonna let you go.  
Never, never, gonna let you go.

Never, never, gonna let you go.  
Never, never, gonna let you go.  
Never, never, gonna let you go.  
Never, never, gonna let you go.

Not so long ago, we were total strangers  
And we both so loved, something close to danger.  
But now, we know each other better,  
things are more than onward and upward.

All I need is time, time to get to know you,  
time to understand you, time enough to make you  
mine.

Step by step, I keep moving closer to you.  
Step by step, oh, oh.  
Step by step, I won't stop until I'm with you.  
Step by step, No I'm never going to stop until I make  
you mine.

Whispers in the night, tell me it's forever,  
Things are going right, now that we're together,  
Cause now, we know each other better,  
things are more than onward and upward.

All I need is time, time for you to know me,  
Time for you to show me, that you have my heart and  
mine.

Step by step, I keep moving closer to you.  
Step by step, oh, oh.  
Step by step, I won't stop until I'm with you.  
Step by step, No I'm never going to stop until I make  
you mine.  
(echoing)

Never, never, never, never, never, never.  
Never, never, gonna let you go.  
Never, never, gonna let you go, never, never.  
Never, never, gonna let you go.  
Never, never, gonna let you go, never, never.

Never, never, gonna let you go.  
Never, never, gonna let you go, never, never.  
Never, never, gonna let you go.  
Never, never, gonna let you go, never, never.

Oh, because now, we know each other better,  
things are more than onward and upward.  
All I need is time, time for you to know me,  
Time for you to show me, that you have my heart and  
mine.

Step by step, I keep moving closer to you.  
Step by step, oh, oh.  
Step by step, I won't stop until I'm with you.  
Step by step, no I'm never gonna stop, never, never.  
(repeat until fading)
