VERSE 1: MALE

There's times where I laid awake at night
With so much on my mind
But it's you I'll take to sleep with me
You're with me all the time

PRECHORUS:

You're the closest thing to paradise
That this man has ever seen
I can deal with almost anything
Just don't tell me it's a dream

CHORUS:

Your love has got me, baby
And it won't set me free, no
Your love has got me, baby
Look what you've done to me

VERSE 2: FEMALE

My friends tell me I'm different now
I've changed my attitude
I think it's only fair they know
That it's all because of you

PRECHORUS:

Enchanted by your precious smile I feel
Heaven made you just for me
You bubble like the best champagne
You sparkle like the morning rain

CHORUS:

Your love has got me, baby
And it won't set me free
Your love has got me, baby
Look what you've done to me
Your love has got me, baby
And it won't set me free, no
Your love has got me, baby
Look what you've done to me

VERSE 3: FEMALE

Now when Iâ€™m feeling trouble
I know youâ€™ll be right there
Without one hesitation
You always show you care

PRECHORUS: BOTH

Youâ€™re the closest thing to paradise
That this man has ever seen
I can deal with almost anything
Just donâ€™t tell me itâ€™s a dream

CHORUS:

Your love has got me, baby
And it wonâ€™t set me free, no
Your love has got me, baby
Look what youâ€™ve done to me

REPEATS TWICE THEN FADE OUT.
