If all the roads lead to here
I'm further than I'm near
All these things must pass
I know, I know, I know

This crazy life is too much
I feel a bit out of touch
So I'll stand alone and I'll be free
If you stay inside of me

Oh love, oh my love.
Stay with me.

This crazy life is too much
I feel a bit out of touch
So I'll stand alone, I'll be free
If you stay inside of me (I'll stay)
Stay inside of me (I'll stay)

That life and all its charms
Are now cradled in the arms
Where fallen angels sleep

That crazy life was too much
I felt a bit out of touch
So I'll stand alone, I'll be free
If you stay inside of me (I'll stay)
Stay inside of me (I'll stay)

Please stay (I'll stay)
