You paint a pretty picture.  
Such a pretty picture.  
But you're lying ain't you.  
Just to save your own...

You keep on lying.  
There's children dying.  
Their mothers crying.  
Screaming yallah...

The world is calling  
The world is calling  
It keeps on calling  
And it's calling you

So hear the voices  
The world is calling you  
Hear the voices  
The world is calling you

A pretty picture.  
Such a pretty picture.  
But you're lying ain't you.  
Just to save your own..

You keep on lying.  
There's children dying.  
Their mothers crying.  
And they're calling you

Hear the voices  
The world is calling you  
Hear the voices  
The world is calling you  
No more choices  
The world is calling you  
Hear the voices

Would you just care to take a glance  
At all of the sad circumstance  
You have thrown this world into darkness

And torn my world apart  
You have torn my world apart

So hear our voices  
The world is calling you  
Hear the voices  
The world is calling you  
There's no more choices  
The world is calling you  
Hear the voices  
The world is calling you

World is calling you x3
