Move out
Get yourself a cat
True love
Ended just like that
Oh well, get up off your knees
Go out and find some friends tonight

Do that
How could you do that?
You broke me
But IÂ'll forgive you that
Get tough
cause tough is what you need
Go out and sell a lie tonight

ItÂ's kinda like it never really happened
ItÂ's kinda sad that I donÂ't even care that

Love comes and goes
Breaks you down
Leaves you trying
Love
DonÂ't want me
DonÂ't want you
And I ainÂ't crying

No

I Broke out
And now I know my name
This dance club
Man itÂ's such a game
New face
Staring back at me
YouÂ'll call yourself a friend tonight

You wake up
Your head is in the can
And someday
Drops you where you stand
Guilty of taking what you need
YouÂ'll lie and say youÂ're fine tonight

It's kinda like it never really happened
It's kinda sad that I don't even care that

Love comes and goes
Breaks you down
Leaves you trying
Love
Don't want me
Don't want you
And I ain't crying

(No) Love
Comes and goes
Breaks you down
Leaves you trying

Hey do you wanna know my name?
Oh no, I guess that's okay
Come here, I promise not to tell
I promise not to tell tonight
I'll never never tell tonight

Love comes and goes
Breaks you down
Leaves you trying
Love
Don't want me
Don't want you
And I ain't crying

(No) Love
Comes and goes
Breaks you down
Leaves you trying
Love
Don't want me
Don't want you
And I ain't crying

(I ain't crying)

(No) Love
Comes and goes
Breaks you down
Leaves you trying
Love
Don't want me
Don't want you
And I ain't crying

(Don't want me, don't want you hey hey hey
I ain't cryin')
