Well people say to  
Pick your battles  
You are mine

And by the way I  
I learned my lesson  
About messing around and around the last time

I got a brand new plan I'll have to call my strategy  
I'm gonna pull out all the stops like you'd expect from  
me

Chorus:  
I'm gonna say  
I just don't see so good  
And let you think I can't feel like I should  
Don't want you,  
Cut the chase and make your move  
To come closer, and whisper  
In my ear  
(In my ear)

Your gonna ask you, your gonna wonder,  
Just why I'm not falling at your feet (your gonna  
wonder)  
It took a while a while a while for me to get  
The spaces all you'll be

I never wanted to play games so all I did was lose  
And now I'm counting all your cards and making up the  
rules

Chorus:  
I'm gonna say  
I just don't see so good  
And let you think I can't feel like I should  
Don't want you,  
Cut the chase and make your move  
To come closer and whisper  
In my ear  
Whisper in my ear  
Oh, whisper in my ear

I'm gonna say  
I just don't see so good  
And let you think I can't feel like I should  
Don't want you,  
Cut the chase and make your move  
To come closer and whisper  
I'm gonna say  
I just don't see so good  
And let you think I can't feel like I should  
Don't want you,  
Cut the chase and make your move  
To come closer (closer) and whisper (Whisper)  
In my ear  
Whisper in my ear  
In my ear  
In my ear  
In my ear
