So the truth came out
But I took my anger and laid it down
You see, well I'm not gonna to fight
So take my sword, my shield, my pride

Turning your body you tell me, no I cannot make it
Kissing you lips, oh it kills me, no I cannot take it
Tell me the truth love, did we just bend or did we break
it?
Living a lie is not easy

Throw a stone into the sky and it will come back to you
Beggars will beg, thieves will steal and liars will bend
the truth
And if you pick a flower you know it's bound to die
And I will wait for you

Well, I stood still and stared in your eyes
I could trace the path of the tears you cried
And cried and cried and cried

Turning your body you tell me, no I cannot make it
Kissing you lips, oh it kills me, no I cannot take it
Tell me the truth love, did we just bend or did we break
it?
Living a lie is not easy

Throw a stone into the sky and it will come back to you
Beggars will beg, thieves will steal and liars will bend
the truth
And if you pick a flower you know it's bound to die
And I will wait for you

I never wanna see you cry
I never wanna leave your side
I only wanna live this life standing next to you
I will wait for you, wait for you

Turning your body you tell me, no I cannot make it
Kissing you lips, oh it kills me, no I cannot take it

Throw a stone into the sky and it will come back to you

Beggars will beg, thieves will steal and liars will bend
the truth
And if you pick a flower you know it's bound to die
And I will wait for you

So the truth same out
But I took my anger and laid it down
