Soon as the words were spoken  
And I saw that look in you eyes  
So much regret, I know I won't forget  
How empty was when I

Never saw your face  
Didn't know my place  
Over and over and over again  
I pick up the pieces  
We're back from the end  
Over and over you know that I'll try  
Is there any way to take back  
When I said goodbye

Promises can't be unbroken  
Like a scar cannot be erased  
And the sticks and the stones I said I'd  
never throw  
Were the words that drove you away

Now I miss your face  
I'm trying to find my place  
Over and over and over again  
I pick up the pieces  
We're back from the end  
Over and over you know that I'll try  
Is there any way to take back  
When I said goodbye

Now I miss your face  
I'm trying to find my place  
Over and over and over again  
I pick up the pieces  
We're back from the end  
Over and over you know that I'll try  
Is there any way, is there any way,  
Is there anyway to take back

Over and over and over again  
I pick up the pieces  
We're back from the end  
Over and over you know that I'll try

Is there any way to take back  
When I said goodbye, goodbye, goodbye

Soon as the words were spoken  
And I saw that look in your eyes
