"When You Left Her"

she loved
you loved
she stayed
you left

why did you leave her?
all so alone.
wet from crying
cold from the snow.

why
why
why did you leave her?

the three came alone
and sang with eleven

march rolled in and it was the eleventh

many nights she spent alone
all because you left her in the cold
you left you left.
for someone younger? someone new to hold.

shes so alone. at home all alone.

you were too proud to tell her you left.
so you made her find out for herself.

bet you can find a better excuse
than leaving her behind
and not telling her waiting is no use.

wine.
cigars
silhouettes
dark places
behind churches
she wished you the best.

shes so alone. so very very alone.
