[Intro]

I thought it was over
When you said "Goodbye"

[Verse]

Oh look who's here at my door
Now you want to come back?
Look who's calling my phone
Suddenly you wanna talk...
I thought we were over and done
You had your bags at the door
Thought you were dead and gone

[Hook]

Thought that I was a stranger
Someone you used to know
Thought that I was the past
Now you wanna come back
Thought that I was a stranger
Someone you used to know,
You used to know (repeat)

[Verse]

I don't mean to bore you with the past...
But didn't you pack your bags and leave?
I thought you wasn't coming back to me
Threw out all the records of us in the trash
Left me in the past
Now I don't know just who you are
Cause now your nothing but a stranger.

-Back to Hook-

[Bridge]

Guess you think that I'm jaded now
cause I don't wanna talk
And you think that I'm fucked up
but I don't care at all
You showed your ass, the kind of bitch I can't stand
Now your a stranger to me
Who is that?

Who is she?
