

Therapy "Deep Sleep"

Visit "[Deep Sleep](#)" on MotoLyrics.com

Time toffee molten on the mantle
Freeze frame sound hangs in the air
My thoughts ebbing in slow motion
In limbo more than anywhere

Just a sleepy head

Breast fed on the thought of leaving
Dead head drowning in a dream
Switched off swimming to surrender
I'm home, comatose and lost

Just a sleepy head
Dying in your bed

Time toffee melted on the mantle
Freeze frame sound falls from the air
My thoughts drift in slow motion
In limbo now and I don't care

Just a sleepy head
