Fuck Columbus, he was lost, Mickey Mouse needs
speed
Uncle Sam spoon fed on crack, ET loves LSD
Diet-Coke head Barbie dreams of sex and God in jeans
With friendly-fire Arnie pumps PR for the media war
machine

Forget Columbus, lost your culture
Forget Columbus, lost your culture

Every dollar, family moral, in Cosby we trust
Sesame Street, kids with toys bought from Guns 'R' Us
Have a nice day in hell today, white hot concrete
screams
Reality is living your life to fulfill your dreams

Forget Columbus, lost your culture
Forget Columbus, lost your culture
Forget Columbus, lost your culture
Forget Columbus, lost your culture

Forget Columbus, lost your culture
(ET loves LSD, ET loves LSD)
Forget Columbus, lost your culture
(ET loves LSD, ET loves LSD)

Forget Columbus, lost your culture
(ET loves LSD, ET loves LSD)
Forget Columbus, lost your culture
(ET loves LSD, ET loves LSD)
