"Ecclesiastes"

Everything under the sun [x3]
Is absurd

Vain days spent as a shadow
Trying to color the void

Without you to lose myself in
I'd have given up

Everything under the sun [x3]
Is absurd

Mere breath could be useless
I'll strive to overcome

Without you to lose myself in
I'd have given up

Everything under the sun [x3]
Is absurd

Everything under the sun [x3]
Is absurd

Everything under the sun is absurd [x3]
