Face like you [?]  
She was screaming, so I killed her  
I didn't expect her to scream, I mean, I wasn't going to  
rape her and take her money, I was only going to kill  
her  
These people confuse sex and aggression, they can't  
differentiate between the two  
I just think that there's [...]  
We've got 35 or more people out there now, killing  
between 25 and 30 people each  
Like if I had my .38 right now, I could make you do just  
about anything I wanted you to, just about all my life  
people been doing that to me  
Back in the past it didn't seem as real, it was never one  
of those things  
[...]  
Your friend, your teacher, the guy next door

Saw her lying down in my bed  
Face that was running was drifting in my head  
I wanted you, but what could I do  
Now my hands are all covered in you

I can't wait to get away  
I can't wait to get away  
I can't wait to get away  
I can't wait to get away

I can [...] this so screw all this shit  
Took me all my life to get to be a hit  
I'm lower than the belly of something that crawls  
Trying to get free for now

I can't wait to get away  
I can't wait to get away  
I can't wait to get away  
I can't wait to get away

This is my life, this is my job  
Just like a soldier in the super-mob  
Want to make a mess in your business dress  
I want to be sick in you

I can't wait to get away  
I can't wait to get away  
I can't wait to get away  
I can't wait to get away  
I can't wait to get away  
I can't wait to get away  
I can't wait to get away  
I can't wait to get away
