When did this thing start?
What are you thinking? Are you serious?
How long have you had these thoughts?
Who are you, now?

Do ya feel lonely?
Do you fantasize?
Do you have dreams?

Are you real?
Are you real?
Are you real?
Are you real?

What are you talking about? Do you really care?
Who do you think you are? What turns you on?
Who cares? What's so funny?
How do you know you exist? Well, can't answer that

Are you real?
Are you real?
Are you real?
Are you real?

Are you real? Is this real?
Are you real? Is this real?
Are you real? Is this real?
Are you real? Is this real?
Are you real? Is this real?

Are you real? Is this real?
Are you real? Is this real?
Are you real? Is this real?
Are you real? Is this real?
