"My Voodoo Doll"

Well, I tried everything at least once
And if I liked it then I did it a bunch
But the only thing that failed me
Were the things that were meant to save me

You can find yourself in a factory
As the credits roll
Waiting on the big time
Waiting on the big time

Well, I can stay in bed all day
And I can wish you all away
If I just choose my voodoo doll
If I just choose my voodoo doll

Well, same thing every day
Slowly drain your life away
Watch as each day turns to night time
Waiting on the big light

You find yourself in a factory
As the credits roll
Hanging on for dear life
Well, you've got to let it go
Well, I can stay in bed all day
And I can wish you all away
If I just choose my voodoo doll
If I just choose my voodoo doll

I tried everything at least once
And if I liked it then I did it a bunch
But the only thing that failed me
Were the things that were meant to save me

Well, I can stay in bed all day
And I can wish you all away
If I just choose my voodoo
If I just choose my voodoo

Well, I can stay in bed all day
And I can wish you all away
If I just choose my voodoo doll

If I just choose my voodoo doll
