Stark raving sane
Stark raving sane
Stark raving sane

It's not my job to see the funny side
But with a gun in your mouth
It's difficult to sing in tune
It's not my job to see the funny side, is it?

Stark raving sane
Stark raving sane
Stark raving sane

It's not my job to amuse you
Entertain yourself motherf*cker
It's not my job to amuse you
Play with yourself

Stark raving sane
Stark raving sane
Stark raving sane
Stark raving sane
Stark raving sane

Hold and bite my tongue...

Stark raving sane
Stark raving sane
Stark raving sane
Stark raving sane
Stark raving sane
