These roads they lead as far as they can lead,  
That's why they're called the ways that make you free,  
Cranes are lifting cargo to the sea,  
They are the size the dinosaurs would be.

Power station shivers, then it leaks,  
Bleeds onto the fields and kills the wheat,  
Harvest comes but will we ever eat?  
Power station shivers, then it weeps.

And dinosaur sex led to nothing,  
Maybe we will lead to nothing.  
Dinosaur sex led to nothing,  
We will lead as far as we can lead.

These days I watch a screen for what I need,  
Take my food on trays across my knees.  
Leaves are always falling from the trees,  
I think I see my future in the leaves.

And dinosaur sex led to nothing,  
Maybe I will lead to nothing.  
Dinosaur sex led to nothing,  
I will lead as far as I can lead.

I think I see the future when I sleep.  
The sky splits like an almond under feet.  
Skin is peeling off of us in sheets,  
I think I see the future when I sleep.

And power stations shiver, and they weep.  
Bleed onto the fields and kill the wheat.  
Sea of clouds is billowing in heat,  
Harvest comes and babies born with teeth,  
And skin is peeling off of us in sheets-  
I think I see the future when I sleep.

And dinosaur sex led to nothing  
Maybe we will lead to nothing  
Dinosaur sex led to nothing  
Maybe we will lead to nothing

Dinosaur sex led to nothing  
Maybe we will lead to nothing  
Dinosaur sex led to nothing  
We will lead as far as we can lead.
