"Be My Lady"

I just look at you and I'm hypnotized
Like I'm drowning now, drowning in your eyes
You are beautiful past imagining
And I want you more, more than anything

And I cannot speak and I've lost my sight
All my senses gone, lost in you tonight
And I want your love
Be my lady, be my lady

Do I ask too much? Do I want too much?
Want to know you now, want to feel your touch
You just look at me, feel the fire start
Want to make you burn, want to touch your heart

And I cannot speak and I've lost my sight
All my senses gone, lost in you tonight
And I want your love
Be my lady, be my lady

Got a racing heart and my mind's a roar
Never felt like this, never loved before
And it's dangerous, I would willingly
Burn to ashes now if you'll stay with me

And I cannot speak and I've lost my sight
All my senses gone, lost in you tonight
And I want your love
Be my lady, be my lady
