You know it's been a long, long road
Since I packed up and left on my own
And I carry a heavy load
Just tryin' get back to her heart

I sure ain't got no home
I seem to find love where I ramble
And when it's time to go
I hear that voice again sayin'

Find your way back
Find your way back to her heart
Find your way back
Find your way back to her heart

Leave a message with the rain
You can find me where the wind blows
The snow across the pain
And the frost upon the heart

Uou got no place to be
Ttill you wonder where you're goin'
And why I had to leave
I hear a voice and it says to me

Find your way back
Find your way back to her heart
Find your way back
Find your way back to her heart

To her heart
Come on

I know it's too late now
But I wish I could go back in time
And start all over somehow
And get it right from the start

Find your way back
Find your way back to her heart
Find your way back

Find your way back to her heart

Find your way back (find your way back)

Find your way back

Find your way back (find your way back)

Find your way back

Find your way back (find your way back)

Find your way back
