He said, you will look right into my eyes
Repeat every word that I say
You want some magic in your life
My love is the only way

Magician
Magician
Ohh magician
Magician

His body moves behind my eyes
Obsession grows, it's a private show
Magic man with a sleight of hand
Disappearing right into my soul

Magician
Magician
Ohh magician
Magician

He's here again that magic man
My eyes won't turn away
Just like magnets pull me in
I can't forget his face

Magician
Magician
Ohh magician
Magician

I walk right up and said
Take me, take me, take me
No pride, no shame, enchanted
Call it a dream but don't wake me

Magician
Magician
Ohh magician
Magician

No matter how fast he goes

Feels like slow motion
Hypnotize me frame by frame
Caught in my own dream paradise frozen

Magician
Magician
Ohh magician
Magician
