Don't know what's happened to me since I met you
Feel like I'm fallen in love since I met you

I've got to know what you're doin', doin' to me with your
love
With your love
What you're doin', doin' to me with your love
With your love
What you're doin', doin' to me with your love
With your love
What you're doin' babe it feels so good whatever it is

Knew from the start it had to be you
You got my heart, I don't know what I'm gonna do
With your love

Heaven sent the sign, then sent you
I'm goin' out of my mind since I let you

I've got to know what you're doin', doin' to me with your
love
With your love
What you're doin', doin' to me with your love
With your love
What you're doin', doin' to me with your love
With your love
What you're doin' babe it feels so good whatever it is

Whatever it is and whatever it's called
I know that it's you, I can't help getting involved
With your love

Baby, sweet baby
Take it away

With your love
With your love
With your love

Whatever you did to me, well you sure did it good
My heart's filled with lovin' and I knew that it would

With your love

Don't know what's happened to me since I met you
I feel like I'm fallen in love since I met you

I've got to know what you're doin', doin' to me with your
love

With your love

What you're doin', doin' to me with your love

With your love

What you're doin', doin' to me with your love

With your love

What you're doin' babe it feels so good whatever it is

Knew from the start it had to be you

You got my heart I don't know what I'm gonna do

With your love

Baby sweet baby
