You're too busy laying passed out on the floor, on the floor  
Sitting pretty, had it mapped out from before, from before hand  
Are you feeling the pressure from cigarette burns  
You're learning your lesson from taking your turns  
Fall away  
Fall away

I could run for days, days in your circle of lies  
Spin me around, round your head with your goodbyes  
Come to pass, pass me by!

In the city where you've got nowhere left to run, left to run  
You can hop the fences, but you better not jump the gun, jump the gun

I could run for days, days in your circle of lies  
Spin me around, round your head with your goodbyes  
Come to pass, pass me by!

Baby let's call it quits while we're both ahead of time,  
time  
Playing with consequence, didn't you read between the lines,  
the lines?  
Fall away  
Fall away

'Cause I could run for days, days in your circle of lies  
Spin me around, round your head with your goodbyes  
Come to pass, pass me by!

Come to pass, pass me by.  
I could run for days, I could run for days  
Come to pass, pass me by.  
I could run for days, I could run for days  
Come to pass, pass me by.  
I could run for days, I could run for days  
Come to pass, pass me by.  
Days in your circle of lies

So goodbye.
